Clerks Notes on Asset Register

A Parish Council's fixed asset register has four main purposes: **It forms a basis for decisions on risk and insurance issues.** It provides information on the age and potential lifespan of certain items. It provides assurance of the continued existence of Council's property.

The purpose of an asset register is **to enable businesses to know the status, procurement date, location, price, depreciation, and the current value of each asset.**

Therefore a Fixed Asset Register has four main purposes:

- It forms a basis for completion of box 9 in the 'Annual Return';
- It forms a basis for decisions on risk and insurance issues;
- It provides information on the age and potential lifespan of certain items;
- It provides assurance of the continued existence of Council's property. The Register is adopted by the Council at the end of each financial year but is a working document which Council Officers will update and amend details as necessary.
